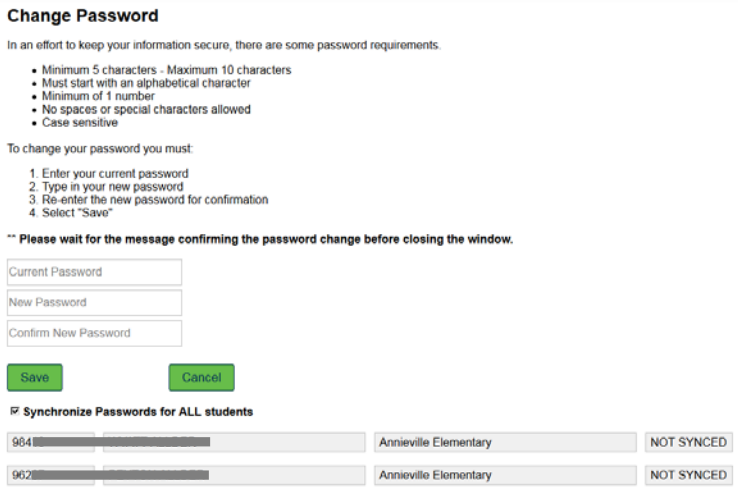
Parent Connect: How to Synchronize Passwords

I don't know any of my children's passwords: select "Retrieve Initial Password" and follow the steps

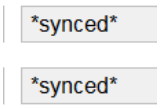
I know the password for 1 of my children … LOG IN with your email address and the password

Select Manage Password (top right hand side of the screen)

Bottom of the screen will indicate whether the password is synchronized or not along with the list of children.



If synchronization is required:
Type in the current password
Enter a new password
Confirm the new password

SAVE


Example of 2 accounts that are synced …
